UNITED STATES TOPS POINT SCORING
IN SKATING WITH 57—CANADA 2ND
WITH 25 POINTS—NORWAY HAS 14Shea and Jaffee Hand in 40 Points—Hurd and Stack
Star for Canada—Ballingrud Skates Nice Race in
10,000 Meter, Cause of Much Discussion

Shea, practically the only skater whom foreign contestants grand would win in any kind of a race, European or American style, took the 1500 meter Friday morning as easily as his first Olympic race of 500 meters Thursday, the first event on the program of Games. Adding 20 points with two first places to America's unofficial score which leads the nation in skating, Shea proved equal to all the boasts of his fellow townsmen heard previous to the race.

In the first heat of the 1500 meter Bert Taylor of United States and Stack of Canada qualified. Evenson of Norway, close behind, missed getting into the final. The second heat, that in which Shea was entered, was called off by officials as the first two laps were unreasonably slow. In re-skating the heat Shea sprinted in the back

stretch taking the heat from Bill Logan of Canada by a yard. Murray, United States, passed Carl Lindberg of Sweden who started the heat at a fast pace and won from Hurd by three yards.

In the final Shea followed Hurd in setting the pace with Murray moving up front. Murray, Taylor and Shea started abreast in the back stretch, Taylor falling on the last turn. Shea shot into the lead and broke the tape five yards ahead of Hurd of Canada, second, and Logan, third both of Canada.

The first heat of the troublesome 10,000 meter preliminaries skated Friday afternoon was won by Alex Hurd, Canada, Valentine Bialis, United States, Edwin Wedge, United States and Ivar Ballingrud of Norway. The second heat was won by Edward Schroeder, American skaters, refuted Canada, Irving Jaffee, United States, and Bernt Evensen, Norway. Hurd, Wedge, Shozo Ishiwari, Japan, and Stack of Canada were later disqualified, the first three for failing to take their turns at leading the laps and Stack for bumping Evenson at one of the turns.

Previous to the preliminaries, skating officials after much discussion had agreed that a time limit for each lap be set as 45 seconds and skaters should alternate at setting the pace. Immediately after the race the storm, which had been in abeyance since the start was made that the American style of skating be used in this Olympics, burst with hard feelings and hard sayings.

Mulqueen of the Canadian Olympic committee contended that the disqualifications of the skaters was in the nature of discrimination favoring American skaters for the finals. After a lengthy meeting at which the situation was considered pro and con the races were declared "no races" and the 10,000 meter preliminaries were obliterated from the records.

Crowds expecting the finals Saturday morning were disappointed in having to watch another set of trial heats but experienced some degree of satisfaction when the same eight that qualified in the discussed heats of Friday qualified again. The races were delayed over one hour, Jaffee, Bialis and Schroeder, American skaters refusing to go on the ice unless the finals were skated. Their contention was that they would again be competing against skaters they had beaten and some who had not even been able to finish. Only when an announcement was made that anyone not at the tape in five minutes would be disqualified, did they make up their minds to get into the grind again.

10,000 Finals
Irving Jaffee, who trained here all summer, riding his bicycle back and forth to his work at the bob-run, came through in the lead in the gruelling finals on Monday afternoon following up his initial victory in the 5000 meter Thursday afternoon, his gift to the American skating score 20 points the same as Shea.

Second to Jaffee was Ballingrud of the Norwegians who skated a beautiful race and was considered as a likely threat until the work of Jaffee and Shea showed up in the earlier races. The Canadian champion, Frank Stack, was third, Wedge fourth and Valentine Bialis, who has often skated under Lake Placid colors between the three Olympic Games in which he has competed, finished in fifth (Continued on page 2)

Utterstrom of Sweden Leads Field of 62 Entrants with Vikstrom Second—United States and Canada Down List, Countries of Europe Cutting Their Time

Skiers of the Northland, Sweden, Norway and Finland exacted toll of the Americans Wednesday, taking the first eleven places of the 62 starters. Sven Utterstrom of Sweden, world 50 kilometer champion, took the 18 kilometer cross country run with a time of 1:23:07, leading the next man in the race, Axel Vikstrom, a fellow countryman, by two minutes.

So large was the entry list from 11 nations for this event that it necessitated over one hour to get off to their start at one-minute intervals. Finland representatives came in for third and fourth places, Saarinen lacking three seconds of Vikstrom's time, Lappalainen following. Rustadstuen and Grotumsbraaten of Norway finished fifth and sixth.

Not until the twenty-third place was reached did the United States come in, Zetterstrom, a Swedish-American making the 18 kilometer run in 1:38:26. Far down the line also were the Canadian skiers, Pangman coming in at 36th place with other of his countrymen following. Led by the clever skimen of North Europe the Japs, Czechs, Frenchmen, Poles and Austrians showed their prowess over the men of North America.

Grotumsbraaten of Norway collapsed at the finish, suffering with stomach cramps which also attacked Vikstrom on the course, although he recovered sufficiently to place second in the race.

CANADIANS WILL TAKE OLYMPIC
HOCKEY CROWN—U. S. RUNNER UP

All signs point to a victory by the Canadian Olympic hockey team resulting from the elaborate hockey schedule which has been played here for the past week with teams of four nations contending for the title. They are undefeated except in an exhibition with McGill, which has no point bearing, having already won five games, defeating United States in one game with another scheduled for tomorrow, taking two from Germany, and two from Poland to date.

United States will be runner up having won all their games except the one in which they met the Maple Leaf boys. Germany has lost in games with United States and Canada, winning from the Polish team who are at the bottom of the list with no wins. McGill would have been a likely Olympic team, their exhibitions being faster hockey than any of the Olympic contests.

HANS VINJARENGEN
BREAKS HILL RECORD

Hans Vinjarengen of Norway broke the Intervale hill record yesterday with a leap of 62 metres or 204 feet in the ski jump at the Olympic hill. The previous record made by Strand Michelson, United States, was 198 feet. Vinjarengen's was the longest standing jump of any of the 33 entrants.

John Erickson of the United States in an exhibition jump yesterday made the distance of 213 feet.

CHANGE STYLE
IN WORLD'S SKATE
CHAMPIONSHIP

Seven Countries Entered in Races Here Feb. 19-20—First World's Championship to Be Held in this Country—To Try Skill Skating in Lanes Against Time

For the first time in history the World's Speed-Skating championships will be held in this country, when they are contested on the Olympic Stadium track here February 19 and 20.

The crack speed-skating teams that have been taking part in the III Olympic Winter Games here are all entered. They will race at the 500, 1000, 5000 and 10,000 meter distance. Countries represented will be Canada, Great Britain, Sweden, Finland, Norway, Japan and the United States.

Outstanding among the entrants are Jack Shea of this village, who won both the 500 and 1500 meter races in the Olympics, and Irving Jaffee, of New York, who made it a clean sweep for the United States by taking both the 5000 and the 10,000 meter tests.

Ivar Ballangrud of Norway, world record holder for 5000 meter, and Walter Rutter of Great Britain, a place winner in the men's figure skating contest, was fourth on the list. The brother and sister are entered for the pair skating tonight.

Yvonne de Ligne the champion of Belgium in black velvet with orange trim, was pleasing to watch and popular with the audience. Figure skating proved its attraction as an Olympic event Wednesday night when it was found necessary to turn at least 1000 people from the doors, tickets being sold out early in the morning. Many were disappointed in not being able to obtain admittance to one of the most attractive features of the program.

The skaters received the following judges rating: Sonja Henie, Norway, 7; Fritz Burger, Austria, 18; Maribel Vinson, United States, 23; Constance Wilson Samuel, Canada, 28; Vivi-Anne Hulton, Sweden, 29; Yvonne de Ligne, Belgium, 46; Megan Taylor, England, 55; Cecilia Colledge, England, 64; Mollie Phillips, England, 65; Joan Dix, England, 75; Margaret Bennett, United States, 75; Suzanne Davis, United States, 83; Elizabeth Fisher, Canada, 84; Louise Weigel, United States, 92; Mary Littlejohn, Canada, 101.

Schafer First in Men's Figure Skating
Karl Schafer of Austria, world's champion, skating the school figures with confidence on Monday and the free figures Tuesday night with originality and grace won the first place award of the men's figure skating in a contest in which eight nations were represented.

Gillis Graefstrom of Sweden former Olympic star, who was second, had much of his old ability but was hesitant on the school figures, seeming not quite sure of himself. This may have been due to a recent injury to his knee which was thought at first to be of such proportion as to keep him out of competition.

The maze of figures handled by figure skaters, who at least appear to know what it all means, gives a certain percentage of points for the tracing round and round over the same ice marks in the figure school figures and an added number for the grace and skill portrayed as they skate at will. In adding these up the winner is decided.

Norwegian Miss Winner in 1928 Olympics Still Holds Crown—Austrian World's Champion Takes Title from Graefstrom of Sweden

Sonja Henie of Norway, winner of the women's figure skating crown at the 1928 Olympics, St. Moritz, retains her title by virtue of her spectacular performance here in school figures and free skating on Tuesday and Wednesday.

Fifteen contenders for the Olympic figure skating title covered the blade marks at the Olympic arena on Tuesday in the compulsory school figures. Ordinarily considered dull to watch by uninitiated spectators the world's greatest figure skaters presented a colorful picture in their attractive abbreviated dresses of every hue.

Sonja Henie, considered the greatest of them all, held the eyes of many, although Fritz Burger of Vienna, to whom the judges gave second place, a favorite with guests and villagers, drew much attention as did the work of 12 year old Megan Taylor of England, who just stayed out of the first six places. Sonja in white velvet with sparkling Juliet cap and narrow V-shaped yokes of sequins from high neck to wrist line on bodice front and back carried out the effect of the snow drop as she twinkled and jumped from the ice, her silver skates landing lightly but with security before she was off for a spinning which even made spectators dizzy. Fritz in blue satin and silver, a diminutive cap partially covering her blonde locks, was a fitting runner-up to the Olympic champion. Maribel Vinson brought the United States into the first three winners, her skating brilliant and her figure skating brilliant.

Yvonne de Ligne, sister of Montgomery Wilson, a place winner in the men's figure skating contest, was fourth on the list. The brother and sister are entered for the pair skating tonight.

LAKE PLACID MAN BETTERS THE TIME
OF CAPADRUPT IN SECOND DAY OF
RACES—SMASH RECORDS ALL THE WAY1.54 Seconds Between Total Times of American and
Young Swiss — Stevens Sets New Record

Better and better grew Hubert Stevens' time as each of the four heats in the two-day boblet races were clocked at the Mt. Van Hoevenberg bobrun Tuesday and Wednesday morning. So good did he get that he broke his own record established last year again and again. His total time for the four heats was 8:14.74.

First down the run of the 12 sleds of eight nations, Stevens of Lake Placid was at a disadvantage and his time seemed slower than usual. So was the time of the Italians, Germans, Austrians, Roumanians, Belgians and the French. Things were different with bob No. 12, piloted by Reto Capadrutt, young Swiss St. Moritz record breaker, who zipped down and around the 25 curves of the tricky run in 2:05.88, slicing Stevens' previously established record.

Leila Brooks-Potter Record Breaker but Falls at Finish—Kit Klein Wins 1500 Meter—500 Meter Won by Jean Wilson of Canada

Kit Klein, skating to the tape with Mrs. Leila Brooks-Potter of Toronto when the latter fell 15 yards from the finish line, won the 1500 meter women's speed skating title at the stadium on Wednesday. Jean Wilson of Canada was second with Helen Bina of Chicago third.

Mrs. Brooks-Potter set her second new world's record since her arrival here when she skated the second heat of the 1500 in 2:54 flat. Miss Wilson in the first heat had broken the old record with a time of 2:54.2. The previous record for Wednesday's race was 3:28 set by Zofia Nehringowa of Poland.

500 Meter

Interwoven in the 10,000 meter final won by Jaffee Monday afternoon, were the women's speed skating 500 meter heats and finals, an exhibition won by Jean Wilson of Canada. Elizabeth Dubois of the United States gave her a close race pushing her to the tape together with Kit Klein of Buffalo. Any of the three might have had the title for first by spectators not close to the finish line. Miss Wilson's time was 58 seconds.

Leila Brooks-Potter of Canada was fourth, Elsie Muller McLave, United States, fifth, and Helen Bina, United States, sixth.

1000 Meter

A fall just before the finish line put Jean Wilson, winner of the 500 meter, out of the running in the 1000 meter race Tuesday. Coming up from behind she fell within 10 feet of the tape, making first place sure for Elizabeth Dubois, United States.

Second went to Hattie Donaldson, Canada, with United States coming in again for third with Dorothy Franey. Mrs. Leila Brooks-Potter of Canada was fourth, a bit of a surprise after the first heat when she set a new world's record with 2:01.2-10 against the previous time of 2:16 4-10, the fast pace tiring her too much to stay out in front in the final.

A good percentage of bets lay toward the Swiss following the two heats on Tuesday as he still led Stevens even after the American had peeled Capadrutt's first heat record and his own. Stevens carried his brother, Curtis, of Lake Placid as crew and Oscar Geier of New York did some clever bobbing for the youth from Switzerland.

Americans who backed their own received their reward as they piled 10,000 strong along the entire length of the winding ice lane when the announcements came through after Stevens' Wednesday races that he had made two runs under the two-minute mark. One and fifty-four hundredths seconds was the diminutive difference in total times of Stevens and Capadrutt who ranked second. John R. Heaton, piloting team 2 for the United States, whose Olympic boblet title Stevens will retain for this country, followed in the list some seconds later, having bettered his first heats all the way. Next came Al Papan, placing the bob for Roumania in fourth place. Hans Kilian, German pilot, was fifth. Count Rossi di Montelera, Italy finished in sixth place.

GOVERNOR'S WIFE RIDES WITH RED DEVIL PILOT

While visiting Olympic facilities here, despite evident anxiety on the part of Governor Franklin D. Roosevelt, Mrs. Roosevelt rode the last half mile of the Mt. Van Hoevenberg bobrun.

Mrs. Roosevelt had ridden on the Mirror Lake toboggan slide several times previous to her experiment on the big run on a sled piloted by Henry Homburger of the Saranac Lake "Red Devils" but expressed a desire to ride on the track which had put so many contestants on the hospital list.
